

Fourth Annual Engineering and Horticulture Fair

What it's about:

One of the 4-H requirements is to have each member give a presentation. It is tough to give each of our members a chance to speak in a formal manner. We have decided to use the Science Fair format. In addition, members of GEAR and Plantmasters 4-H Clubs will celebrate what they have done during 2018. We will combine the Fair with a celebration pot luck dinner ending our official 2018 4-H year.

When: Saturday, November 10, 2018

4:15-4:30 setting up displays

4:30-5:45 viewing of displays

5:45-6:30 pot luck dinner

6:45 Member recognition

Where: Munson Township Hall, 12210 Auburn Road, Chardon, Ohio,
44024-9454

Please join us to congratulate our future scientists, engineers, and horticulturists by speaking with them about the work they have done this year in GEAR and Plantmasters 4-H Clubs. Posters they have prepared will be on display. Family and friends are all welcome. **Please RSVP with the number of people who will be coming by September 15, 2018** to Adrienne La Favre (alafavre@gmail.com preferred or 440-729-9230).

Fried chicken and pizza will be provided; goodwill donations will be accepted to cover the cost of the pizza and chicken. Any extra donations will go towards buying equipment for the clubs. Members are asked to bring dessert or salads (Juniors and 1st Years) or a side dish (2nd, 3rd Years and Journeymen). Plantmasters please bring dessert, salad, or a side dish. Please bring enough for about two times the people you are bringing.

Also, please bring your own plates, cups, cutlery, and drinks.

If possible, bring a nonperishable food or hygiene item for Geauga Hunger Task Force.
